### **Deuteronomy–Kings as Emerging Authoritative Books A Conversation**

**Edited by Diana V. Edelman**

*Explore how the past came to address the present and the future and why it became important for emerging Jewish identity.*

Experts explore the themes and topics that made Deuteronomy and the Former Prophets appealing to ancient readers leading ultimately to those texts becoming authoritative for Persian and Hellenistic readers. This unique collection of essays focuses on what larger impact these texts might have had on primary and secondary audiences as part of emerging Torah. Contributors include Klaus-Peter Adam, Yairah Amit, Thomas M. Bolin, Philip R. Davies, Serge Frolov, Susanne Gilmayr-Bucher, E. Axel Knauf, Christoph Levin, James R. Linville, and Thomas Römer, and Diana V. Edelman.
