The Online Books Project was designed to provide free online PDF files for a variety of SBL publications to scholars and students who would not otherwise have access to this scholarship. Persons who are identified through our technology as being from a country with a GDP per capita substantially lower than the average GDP per capita of the USA and the European Union will be able to see links to the PDF files from the online books page. In addition, special rates for the Journal of Biblical Literature are available to institutions in these countries. The following publications are currently available:

• McGinnis, Claire Mathews and Patricia K. Tull, editors. *"As Those Who Are Taught": The Interpretation of Isaiah from the LXX to the SBL*. Symposium 27. Atlanta, Society of Biblical Literature, 2006.
