

**Proverbs:**  
**An Eclectic Edition with Introduction and Textual Commentary**

**Michael V. Fox**

*A new critical text for Proverbs drawing from many manuscripts*

This first volume of The Hebrew Bible: A Critical Edition series, features a critical text of Proverbs with extensive text-critical introductions and commentaries. This and future HBCE volumes bring together a scholar's critical decisions into a single text, construct an eclectic text, drawing from many manuscripts or placing entirely variant texts side by side. A common approach for critical editions of other ancient books, including the New Testament, the eclectic approach and scope used in the HBCE is a first of its kind for the Hebrew Bible.
