**The Shape and Shaping of the Book of Psalms:  
The Current State of Scholarship**

**Edited by Nancy L. deClaissé-Walford**

*A new and innovative way to approach the Psalter that moves beyond form and cult-functional criticism*

Drawing inspiration from Gerald H. Wilson's *The Editing of the Hebrew Psalter*, this volume explores questions of the formation of the Psalter from the perspective of canonical criticism. Though called "canonical criticism," the study actually employs a number of historically traditional and nontraditional approaches to reading the text including form criticism, historical criticism of individual psalms as well as of the whole Psalter, and redaction criticism.
