## Exploring Zechariah, Volume 2 The Development of Zechariah and Its Role within the Twelve

Mark J. Boda

### A decade of research on Zechariah

This second volume of Mark J. Boda's two-volume set on Zechariah showcases a series of studies tracing the impact of earlier Hebrew Bible traditions on various passages and sections of the book of Zechariah, including 1:7–6:15; 1:1–6 and 7:1–8:23; and 9:1–14:21. The collection of these slightly revised previously published essays leads readers along the argument that Boda has been developing over the past decade.
