

## History of Biblical Studies

This series provides first-time English translations of seminal biblical studies resources from the nineteenth and early twentieth centuries. Published and forthcoming translations include significant works by such leading biblical scholars as Julius Wellhausen, Albert Eichhorn, Ferdinand Christian Baur, and Sigmund Mowinckel, to name just a few. The series also features monographs devoted to the history of biblical scholarship and translations of more recent works important for the history of biblical studies.

To establish a standing order for this series at a discount (**20% off paperback and 25% off hardcover**), complete the information requested on the last page. If you establish a standing order, you may also order prior volumes in the series at the same discount rates by checking the titles below that you would like to order, then sending an original or photocopy of this order form to our customer service department.
