INDEPENDENT AUDITOR'S REPORT

**To the Audit/Finance/Investment Committee
Society of Biblical Literature
Atlanta, Georgia**

We have audited the accompanying financial statements of **Society of Biblical Literature** (a nonprofit organization), which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Society of Biblical Literature as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

SOCIETY OF BIBLICAL LITERATURE

NOTES TO FINANCIAL STATEMENTS

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization:

The Society of Biblical Literature (the “Society” or “Organization”) is a not-for-profit organization established to foster biblical scholarship. Membership in the Society is composed of scholars, teachers, and non-specialists throughout the world, with numerous universities, libraries, and members subscribing to the journals and monographic series of the Society.

Significant Accounting Policies:

The significant accounting policies adopted by the Society are set forth below:

Basis for Presentation:

The Society has adopted FASB’s *Accounting for Contributions Received and Contributions Made*, and FASB’s *Financial Statements of Not-For-Profit Organizations*. Under these provisions, net assets and revenues, expenses, gains and losses are classified on the existence or absence of donor-imposed restrictions. The Society records contributions of cash and other assets as unrestricted income unless specifically restricted by the donor. Restricted contributions are recorded as restricted income. When the donor stipulation expires, the temporarily restricted net assets are reclassified to unrestricted net assets and are reported as net assets released from restrictions. Accordingly, net assets of the Society and changes therein are classified and reported as follows:

Unrestricted net assets – Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets – Net assets subject to donor-imposed stipulations that will be met either by actions of the Society and/or the passage of time.

Permanently restricted net assets – Net assets subject to donor-imposed stipulations that are required to be maintained permanently by the Society. Generally, the donors of these assets permit the Society to use all or part of the income earned on related investments for general or specific purposes.

Basis of Accounting:

The financial statements of the Society have been prepared on the accrual basis of accounting and, accordingly, reflect all significant receivables, payables, and other liabilities.

Functional Expenses:

The costs of providing the program services and management activities have been summarized on a functional basis. Expenses are charged directly to program, general and administrative, or development and fundraising based on specific identification, and certain indirect expenses have been allocated based on level of effort.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue and Expense Recognition:

Revenue is recognized when earned or received. Deferred revenue represents revenue received in advance for future events and future memberships and subscriptions.

Receivables represent amounts due for revenue earned prior to year-end. Gifts of cash or other assets are recorded as revenue when received or at the time an unconditional promise to give is made known to the Society.

Cash and Cash Equivalents:

The Society considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents. Cash and cash equivalents consist of cash held in checking and money market accounts. Cash balances are maintained with financial institutions which are insured by the Federal Deposit Insurance Corporation. Balances exceed insured amounts from time to time. The Society believes it is not exposed to any significant credit risk on cash.

Marketable Securities:

The Society carries its investments at fair market value in accordance with FASB's *Accounting for Certain Investments Held by Not-For-Profit Organizations*. Realized and unrealized gains and losses, as well as interest and dividends, are recognized as income or loss in the accompanying statements of activities.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Building, Furniture and Equipment:

At June 30, 2015 and 2014, furniture and equipment is stated at cost, less accumulated depreciation of \$152,733 and \$125,385, respectively.

Depreciation is provided using the straight-line method over the estimated useful lives of the related assets, ranging from three to thirty-nine years.

Long-lived assets, held and used by the Society, are reviewed for impairment whenever changes in circumstances indicate the carrying value of an asset may not be recoverable. The Society's policy is to capitalize its capital assets over \$500. Depreciation expense on the Society's furniture and equipment for the years ended June 30, 2015 and 2014 was \$33,530 and \$33,096, respectively. Depreciation expense on Luce Center building and equipment for the years ended June 30, 2015 and 2014 was \$66,262 and \$64,171, respectively.

Inventories:

At June 30, 2015 and 2014, book inventories are stated at cost using the first-in, first-out ("FIFO") method, less a valuation reserve of \$115,256 and \$104,143, respectively. The valuation reserve reflects the estimated decline in value of certain books since their original publication.

NOTES TO FINANCIAL STATEMENTS

NOTE 1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes:

The Society is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been provided in these financial statements. Unrelated business income, if any, may be subject to income tax. The Society paid no taxes on unrelated business income for the years ended June 30, 2015 and 2014.

Generally accepted accounting principles require the recognition, measurement, classification, and disclosure in the financial statements of uncertain tax positions taken or expected to be taken in the Society's tax returns. Management has determined that the Society does not have any uncertain tax positions and associated unrecognized benefits that materially impact the financial statements or related disclosures. All tax exempt entities are subject to review and audit by federal, state and other applicable agencies. Such agencies may review the taxability of unrelated business income, or the qualification of the tax-exempt entity under the Internal Revenue Code and applicable state statutes.

NOTE 2. MARKETABLE SECURITIES

The aggregate cost and fair values, as well as unrealized appreciation, of marketable securities as of June 30, 2015 and 2014 were:

	2015		
	Cost	Unrealized Appreciation	Fair Value

NOTE 3. FAIR VALUE MEASUREMENTS

FASB's *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this guidance are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially all of the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2015 and 2014.

Mutual funds, corporate stocks, and ETFs: Valued at the net asset value (NAV) of shares held by the Organization at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. LUCE CENTER ASSETS

As of June 30, 2001, the Society and the American Academy of Religion (the "Academy"), a related party organization, entered into a joint tenancy in common agreement, which establishes the ownership interests of certain assets and liabilities of the Luce Center. The agreement stipulated that the net book value of the Luce Center building and the Luce Center building endowment fund, including accumulated earnings, be shared equally between the two owners. All net revenues or expenses are also to be shared equally by the two owners. The building is subject to a ground lease with Emory University. This ground lease has a thirty-year term, expiring in March 2027, and there are two ten-year extension options available.

NOTE 5. ENDOWMENT

Interpretation of Relevant Law

With regard to endowments, the Society has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of the interpretation, the Society classifies permanently restricted net assets as: (a) the original value of gifts donated to the permanent endowment, (b) subsequent gifts to the endowment, and (c) accumulations (appreciation and depreciation in value) to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The accumulations are added to the original gift due to the court-ordered unitrust described below. In accordance with UPMIFA, the Society considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Society and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation or deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Society
- (7) The investment policies of the Society

NOTE 5. ENDOWMENT (Continued)

Funds with Deficiencies

From time to time, the fair value of the assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Society to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature are reported in unrestricted net assets. At June 30, 2015 and 2014, the Society did not have any such deficiencies in the endowment.

Return Objectives and Risk Parameters

The Society has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Society must hold in perpetuity or for a donor-specified period. Under this policy, as approved by the Society, the endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of the S&P 500 index while assuming a moderate level of investment risk. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Society relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Society targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

Spending Policy

The Luce Center Endowment allows for spending of the accumulated earnings for repairs and maintenance to the Luce Center and the Scholarship and Awards Endowment allows for spending of the accumulated earnings on awards to scholars.
